Communications

14-203 9. Comm. from Bob Upton:

The mission of Employer Support of the Guard and Reserve (ESGR) is to gain and maintain support from all public and private employers for the men and women of the National Guard and Reserve, which today is so vital to our nation’s military readiness. The ESGR Statement of Support serves to foster and enhance this strategic partnership with employers. Please take a few moments to learn about how you can proudly show your support of Guard and Reserve Service by signing and displaying the Statement of Support for all to see.

See more information on line at www.esgr.mil/employers.

Attached please find a blank statement that will be printed with your organization's names and also a fact sheet with information on the Statement of support program. Please contact me to arrange for a proper Statement of Support signing event or for more information on this program.

Our Military could not perform its duties here and abroad, without your continued support. Today, more than ever, America's employers are inextricably linked to our national security. Thank you for supporting the men and women of Massachusetts who serve America in the Guard and Reserve.

ESGR has set in motion a program to offer employment assistance for our service members. This program is called Hero 2 Hired and can be accessed at www.H2Hjobs. H2H is free to both employers and service members and is an excellent way for employers to find highly qualified candidates for vacancies. I encourage you to visit this site.

Again, thank you for your support of our citizen warriors.

Ordered received and placed on file.
